**To whom it may concern.**

**Subject:** Recommendation Letter for the Candidacy of Prof. Roberto Iñiguez Flores to the Cumulus Executive Board

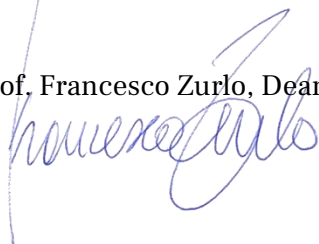

On behalf of the School of Design at Politecnico di Milano, I am pleased to recommend Prof. Roberto Iñiguez Flores, Associate Provost for Academic and Faculty Affairs at Tecnológico de Monterrey, for the Cumulus Executive Board (2025–2028).

As a School of Design, we would like to express our appreciation for the work Prof. Iñiguez has carried out as Vice President of the Cumulus Association during the current mandate. This includes consolidating Cumulus as an independent association, organizing the Cumulus Monterrey Conference, and leading strategic initiatives such as agreements with Latin America and the participatory process to shape the future of the Association.

We believe these achievements demonstrate Prof. Iñiguez's strong competence and dedication to the benefit of the Cumulus Association, and we fully endorse his candidacy.

Sincerely yours,

Prof. Francesco Zurlo, Dean, School of Design

School of Design  
Department of Design
