

Endorsement letter to Kristof Vaes

I am Dr Natacha LALLEMAND and have been a current Cumulus board member since 2022.

Having seen my colleague Dr Kristof Vaes's commitment and dedication to our community, I can testify of his talent in the organization of the Cumulus meeting in Antwerp in April 2023. Since I met him in November 2022 in Detroit, I have appreciated his attentive and active participation to the working groups, his open mind and clever insights, but also social qualities in the various networking events.

Knowing the skills and energy required to work on the board, the commitment and time needed to dedicate to the others, I think Dr Kristof Vaes would definitely be a valuable asset for the next Cumulus board for his qualities, soft skills but also for his legitimacy to apply there.

I therefore strongly support his candidacy to the next Cumulus board, and wish to see him elected in June 2025.

Paris, 14/02/2025

Natacha LALLEMAND
PHD
Head of International Affairs
Ecole Duperré Paris
