

Sunway University			
Faculty	Faculty of Arts and Social Sciences		
Department/ Centre	Department of Creative Design		
Position Title	Lecturer, Senior Lecturer, Associate Professor		
TOR: Job Description	<p>The Department of Creative Design is seeking a highly motivated and qualified individual to join our team as a Lecturer/Senior Lecturer/Associate Professor. The successful candidate will contribute to the department's teaching, research, and industry engagement activities, with a focus on advancing knowledge and practice in the fields of UI/UX, New Media Design, VR/AR, Sustainable Design, Visual Communication, and related areas.</p> <p>The role involves: Delivering high-quality teaching and mentoring to undergraduate and postgraduate students. Conducting innovative research and contributing to the department's research output. Engaging with industry partners to ensure curriculum relevance and foster collaboration. Supervising student projects and dissertations. Participating in departmental administrative and outreach activities. Contributing to the development of new programmes and initiatives in alignment with emerging trends in art, design, and media.</p>		
TOR: Requirement/ Person Specification	<p>Academic Qualifications: A PhD in a relevant field such as UI/UX, New Media Design, VR/AR, Sustainable Design, Visual Communication, or a closely related discipline is preferred. Candidates with a Master's degree and extensive industry experience (minimum 5 years) in the specified areas will also be considered.</p> <p>Teaching Experience: Demonstrated experience in teaching at the tertiary level, with a strong commitment to student-centered learning and pedagogical innovation. Ability to develop and deliver courses in UI/UX, New Media Design, VR/AR, Sustainable Design, Visual Communication, or related fields.</p> <p>Industry Experience: Proven track record of professional practice in the areas of UI/UX, New Media Design, VR/AR, Sustainable Design, Visual Communication, or related fields. Strong industry networks and the ability to foster collaborations between academia and industry.</p> <p>Research and Creative Practice: A strong portfolio of research outputs, such as publications, exhibitions, or industry projects, demonstrating expertise in the relevant fields. Experience in securing research funding or leading research projects is desirable.</p> <p>Personal Attributes: Ability to work collaboratively in a multidisciplinary and multicultural team. Strong organizational and time-management skills. Commitment to fostering an inclusive and diverse learning environment.</p> <p>Desirable Qualifications and Experience: Experience in developing curricula that align with the standards set by the Malaysian Qualifications Agency (MQA). Membership in relevant professional bodies or associations. Experience in supervising postgraduate research students (for Senior Lecturer and Associate Professor levels). A demonstrated commitment to sustainability and ethical design practices.</p>
