

Call for Entries: Design Intelligence Award (DIA) 2026

The 2026 Design Intelligence Award (DIA) is open for submissions.

Founded by the China Academy of Art, DIA is one of the world's leading international design awards dedicated to innovation, sustainability, and social impact. The award recognizes outstanding design solutions that respond to real-world challenges and shape the future through design intelligence.

With approx. €625,000 in prizes and free for registration and promotion, DIA offers a unique platform for global visibility, industry recognition, and international exchange.

Submission Deadline

1 September 2026

(Free submission available via invitation link or QR code below)

Entry Groups

- **Product Group** Open to products launched within two years prior to the submission date.
- **Concept Group** Open to forward-looking concepts with industrial feasibility.

Both groups cover 4 categories below that are open to enterprises, universities, institutions and individual designers.

1. Digital Economy: AI applications, spatial computing, smart cities, smart mobility, smart healthcare, smart education, industrial internet, virtual reality, and more.

2. Industrial Equipment: Transportation and logistics, medical equipment, robotics, automation, green energy, construction equipment, agriculture and forestry equipment, and more.

3. Life Wisdom: Consumer electronics, smart home technology, household appliances, elderly care, personal care, maternal and child products, sports and leisure products, disaster prevention, and new materials applications.

4. Cultural Innovation: Cultural products, packaging, fashion accessories, furniture and lighting, social innovation, and new cultural tourism experiences.
